FULL BUTTON // TWO - BUTTON // PULLOVER

In 2006, LAGA Sports was founded on a passion for custom jerseys and serving our customers. We started out as a small family run business, and have grown to become one of the top jersey manufacturers in Canada, with a specific focus on product quality and customer service. Over the years, we have expanded our product lines, but at our core we are still a company with a passion for making team uniforms that look as good on the field as they feel to play in.

Own Your Look. Own The Game.

Full Button Jersey

The full button baseball jersey is our flagship product, and is created with the pro look and feel in mind. The birdseye fabric is lightweight and strong, giving this jersey the perfect balance of strength and breathability. The 6 button laser cut overlap is designed with precision accuracy, ensuring that your team name is displayed prominently on point, just like your team's ace.

Stretch

This is our most popular baseball jersey fabric. It is the perfect combination of strength and breathability.

Our stretchiest fabric option. We recommend PolySpan for base layer applications, or for a very lightweight jersey fabric.

Pique is the default fabric for our performance shirts. As a stand alone fabric, it is versatile and comfortable.
