# HOCKEY

JERSEYS // SOCKS // SHELLS

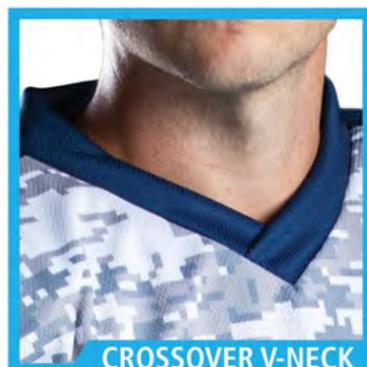

In 2006, LAGA Sports was founded on a passion for hockey, and a commitment to serving our customers. We started out as a small family run business, and have grown to become one of the top jersey manufacturers in Canada, with a specific focus on product quality and customer service. Over the years, we have expanded our product lines, but at our core we are still a company with a passion for making team uniforms that look as good on the ice as they feel to play in.

Own Your Look. Own The Game.

# Classic Cut Jersey

Our flagship product is a favourite amongst minor hockey associations and beer league teams alike. The reinforced seams, combined with our signature Birdseye fabric, gives this jersey the perfect balance of strength and breathability. Our seamless shoulder, allows for a completely customizable canvas, front to back, while also adding durability. These jerseys will look as good on the ice as they feel to play in.

CROSSOVER V-NECK

## Product Features

### Fully Custom

Includes names, numbers, logos and captaincy letters at no additional cost.

### Seamless Shoulders

Front and back of the jersey are a solid piece of fabric which adds strength, and unlimited design possibilities.

### Lock Stitching

All jerseys are sewn with an anchor stitch along each seam for long term durability.

### Fabric

Dedicated wicking channels for maximum breathability, durability and comfort.

# Pro Cut Jersey

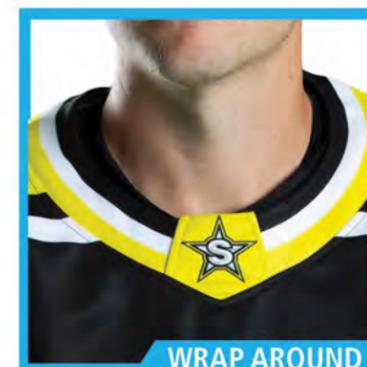

Our Pro Cut comes with everything that makes the Classic Cut great, but adds additional features to customize your jersey. With the Pro Cut, you get a curved bottom hem with drop tail, reinforced elbows, Double Knit Pro Weight fabric and your choice of collar style. All of these features come at one flat price, so you can create a look truly unique to your team.

## CHOOSE YOUR CUT

### Classic Cut Jersey

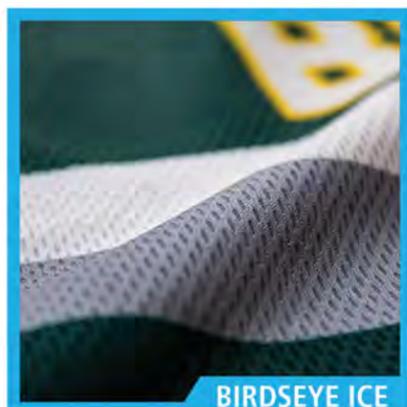

### Pro Cut Jersey

### Differences Classic vs Pro

To learn more about the differences between our Classic Cut and Pro Cut jerseys, please refer to pages 4-7.

## CHOOSE YOUR FABRIC

#### Birdseye Ice

The perfect balance between strength and breathability. This is our most popular choice of fabric for ice hockey.

#### Birdseye Inline

This is the same as Birdseye Ice, but lighter weight. Ideal for roller and ball hockey.

#### Double Knit Pro Weight

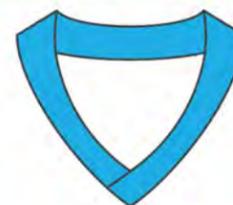

A very strong and durable fabric. Made for players who enjoy a heavier style of hockey jersey.

## CHOOSE YOUR COLLAR

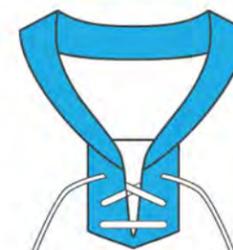

### Customizable Collars and Inserts

All collars are fully customizable including logos, colours and text, at no added cost.
